

**STEFAN HAHL - MASTER CRAFTED GUITARS**

**Price list for European Union - October 2015**

*The Art of Lutherie*

**Inspired playing requires inspired ideas!**

Together, we can turn inspiration into reality.

Each Hahl guitar is made with the goal of achieving the highest quality. Absolutely no compromises are made on workmanship, sound or looks, ensuring that each guitar leaving my shop will increase in value as time goes by. Often, my continuing efforts to optimize designs produce innovations or modifications that I incorporate into the existing models, improving their performance and quality. For this reason, you may notice changes compared to previous brochures and price lists.

The following price list applies to my established models, guitars that I have been building for many years. The fact that they have been available for so long attests to their popularity and quality. You can find all of these models and more information about them and me at my recently relaunched website.

Of course, I would be glad to custom design a guitar to meet your individual requirements.

I invite you to contact me personally to discuss specific wishes, ideas questions, etc.

My objective is to provide you with "your guitar for life"!

Best regards,

Stefan Hahl

Valid as of October 2015 . All prices appear in Euro and do include 19% value added tax ( VAT )

Unless otherwise specified, guitar cases are not included. Prices do not include shipping.

### New: The Hahl "Antique" Line

**In terms of tone and looks, these guitars are the quintessence of authenticity!**

The guitars of the Antique line feature carefully aged 60-70-year old Alp spruce and flamed European maple tone woods. The origins of the woods reach back to the time when the legendary Selmer-Maccaferri guitars were built. Thanks to the extended aging of the woods, the drying and maturing processes have been allowed to take their natural courses, producing an astounding wealth of acoustic character. Refining the tonal beauty of these instruments is an extremely thin, special antique finish that optimizes their vibrational response and makes them very exciting to touch. Each Antique guitar has its own singular personality and radiates that unmistakable Hahl trademark quality.

#### **251.) Gitano de Luxe « Antique » Dorado Schmitt Signature**

EUR 8,600  
case included
